Verse:

If there was another way I'd surely take it, if she  
came another way could I make it?  
I walked along the bay I bought myself a coat, how was  
I to know San Francisco would be so cold  
There was something she couldn't say on the  
phone so she sat down and wrote a letter  
On this night, on this night and I pray for another  
chance to do

Chorus:

I didn't want to see this in your eyes there's no  
room for compromise  
You know I'm gonna fight to keep it in I just want to  
be there if it ends

Verse:

I walked all over the place I even crossed the Golden  
Gate bridge  
By the time I got back to the hotel it was getting late  
I read your letter again, I cursed my fate again  
On this night, on this night

Chorus:

I didn't want to see this in your eyes there's no  
room for compromise  
You know I'm gonna fight to keep it in I just want to  
be there if it ends

Bridge:

Well I'm lost here picking up pieces of me  
More than just words on paper that you left behind

Chorus/extended chorus

I didn't want to see this in your eyes there's no  
room for compromise  
You know I'm gonna fight to keep it in I just have to  
be there when it ends

On this night and I pray for another chance to do  
Why not this time, why not this time  
On this night, on this night

(Ohs) If there was another way I'd surely take it  
If we had another way we could make it  
If there was another way I'd surely take it I'd  
take it  
If we had another way we could make it
