I'm down near the end
I can't save myself and I'm drowning
From the heartache I'm in
I need an answer but the witnesses won't say

I wish it were a different time and place
Oh what I would give to see your face
And hear your whispered words

Chorus:
Keep holding on you're where you belong
Stay strong keep holding on
Those were your whispered words

Moving along hiding in shadows and searching
For something to fill the hole
There's really nothing and the witnesses turn away

I wish it were a different time and place
What I would give to see your face
And hear your whispered words

Chorus:
Keep holding on you're where you belong
Stay strong keep holding on
Those were your whispered words

Bridge:
The moment you run you get lost in the dark
And I can't see you anymore
I reach out my hand reach out my hand
I can't feel you anymore
All that we have all that we were is gone

Chorus:
Keep holding on you're where you belong
Stay strong keep holding on
Those were your whispered words
