I don't have time to waste your time to  
Waste my time to get lost in the crowd  
Maybe back when I was younger  
Maybe back when years were longer I had the time

Chorus:

But Mountains crumble and the sun turns around  
Turns around up and down up and down  
I need your love now  
Mountains crumble and the sun turns around  
Turns around up and down up and down  
I need your love now your love now

Now I see it and I want it do you want it  
Show it to me  
Maybe you should dive in don't think  
I'm already in I'm taking a drink the water's fine

Chorus:

Mountains crumble and the sun turns around  
Turns around up and down up and down  
I need your love now  
Mountains crumble and the sun turns around  
Turns around up and down up and down  
I need your love now your love now  
Ahh...Ohh...

Bridge:

Every day goes by why let it slide  
Without you and I holding on to each other 'til the dawn

I don't have time to close your eyes to close my eyes to  
Get lost in the dark  
Maybe back when I was dreaming maybe back when  
life was even  
I had the time

Chorus:

Mountains crumble and the sun turns around  
Turns around up and down up and down  
I need your love now  
Mountains crumble and the sun turns around

Turns around up and down up and down  
I need your love now your love now

Ahh...Ohhh...
