Sisqo - Can I Live

drop that
what
uh sisqo
associates
tr
d'ya feel this
what the deal

you knew i wasnt faithful from the jump
so dont front
like i was
quit actin up buggin
since when we been messin
flexin
lovins been good
no doubt but now
tryin to keep me on lock down
tryin to figure out what im all about
if im goin out who im chillin with what im dealin with
just cant
just cant handle it
your not my girl and im not your man
imma tell you again so you understand
im not tryin be caught in and not movin' not budging
and im not tryin to get stuck in something i cant get out
of
(oh) if you thought twice shorty then i doubt ya need to
get off of my back
your line too tight need cut me some slack
so let go

can i live
can i breathe
inhale exhale get offa me
what i do
where i be
who i see
you follow me
what is this

can i live
can i breathe
inhale exhale get offa me

give me privacy

met you in the club it was bumpin
drunk as hell
had the henny with thugin and smokin somethin
i saw you with your girlfriend
acting like your cousins
but you really wasnt (uh)
plus i cougth you with the horny face
and i loved it
so i took you to the crib for some fuckin
touchin huggin lotta rubbin
knew i was late and not bustin
i hollered at you
cuz your body was right
and i stayed smashin it cuz your shit was tight
what was your plot comin here tonight
if you thought it was sweet it aint not tonight
i wont go that route in it is not my life
im a baller you addicted need to get it right
stuck in my wings and why you testin me need to stop
stressin me
if you cant handle it cheers and the memory

can i live
can i breathe
inhale exhale get offa me
what i do
where i be
who i see
you follow me
what is this
can i live
can i breathe
inhale exhale get offa me
give me privacy

ooo
bridge bridge
need em love em bust em leave em
that is just the way i treat em
i dont own ya type of reason
not my girl so im not cheatin
never had whatever will be
i dont care dont have to feel me
nothings changed from the beginning
this is the end so begin

Lovher's rap

chorus x2

we out
ohh no
sisqo
uh
another one
uh
tr
uh uh
one
