(Girl)

Hey Sisqo. It's me love. Call me. I wanna hold the dragon. I know you gotta girl now. It's cool. I just wanna see you, ok?

(Sisqo)

See the last time  
Girl you had me caught up in some mess  
Tellin my girl that we were more than friends  
Fuckin around with you just had me stressed  
So whenever I see you comin I go left  
You're the type of girl that thinks that no means yes  
Been puttin me and my girl stuff to the test  
So I have ta bring this drama to an end  
Before someone gets hurt and tears get shed

(chorus)

You're just a homewrecker  
You're tryna break up my home, ain't cha?  
Well i ain't gonna let cha  
You're tryna mess up my thing, ain't cha?  
You're just a homewrecker  
You're tryna get me with you, ain't cha?  
Think you got game, don't cha?  
You tryna messup my thing, ain't cha?

(Sisqo)

Well no more  
Stalkin me like you crazy and obsessed  
Ya need ta stop actin like you ain't got sense  
Tell me why you just can't take a hint  
Cause I'm with some else that's got me bent  
I got a happy home with a picket fence  
I just can't let it go over some sex (sex sex sex)  
Why can't we put this in the past?  
I wish i never hit dat ohhhhhhhh
