Verse 1:

It's giving me a chill
Every time I think
About the love we made
It makes my heart sink
Deep into my soul
Everywhere I go
I'm always think
Of when we make love

Wanna go back to the day
When I touched you girl in every way
Gotta take the chance to hear you say
That you want me girl
Girl you rocked my world

I can't eat, can't sleep
You know that it's unnatural
What you do to me
You know that it's so sexual

Verse 2:

What's come over me
Never thought that love
Could be so addicting
The feeling hurt so bad
It makes my body weak
I can taste you even when you're not with me
Look what you've done to me

Wanna go back to the day
When I touched you girl in every way
Gotta take the chance to hear you say
That you want me girl
Girl you rocked my world

I can't eat, can't sleep
You know that it's unnatural
What you do to me
You know that it's so sexual

Bridge:

You are the only girl

I want in my world

When we're up on the beat

I can't eat, can't sleep

You know that it's unnatural

What you do to me

You know that it's so sexual

Everything I need
