Tortured me, now you go, now you go.

Leaving slowly, like the snow, like the snow

With lies you told, Lies you told melted us,

Lies you told [3x]

Words that scold.

[Chorus]

Run for you know

Come home, run far from here,

Far from here, far from here.

Run for you know, come home, run far

From here, far from here, far from here.

Secrets drop, now you go, now you go.

Turn away, turn away with the winds that blow silently...  
softly

Softly, silent, silent, softly, softly, silent, silent, softly

Now you go run for you know

Come home, run far from here,

Far from here, far from here,

Run for you know come home, run far

From here, far from here, far from here,

Take your hatred for me,

Take your spreading disease,

Take your hatred for me,

[Chorus] [3x]
