Woman of the country now that I found you  
Longing for your soft and fertile delta  
And I wisper sighs to satisfy your longing  
For the warm and tender shelter of your body  
Oh delta lady

Your mine, yes your mine delta lady  
Your mine, be all mine  
Delta lady

Please don't ask how many times I found you  
Standing wet and naked in the garden  
And I think of the days  
And the different ways I held you  
We were closely touching, yes our heart was beating

Your mine, yes your mine delta lady  
Your mine, be all mine  
Delta lady

Oh when I'm home again in england  
I think of you my love  
Cause, I love you, love

There are concrete mountains in the city  
And pretty city women live inside them  
Oh but yet it seems the city scene is lacking  
I'm so glad your waiting for me in the country

Your mine, yes your mine delta lady  
Your mine, be all mine  
Delta lady
