Who knows what tomorrow brings
In a world where few hearts survive
All I know is the way I feel
When its real I keep it alive
The road is long there are mountains in the way

Love lift us up where we belong
Where the eagles fly on a mountain high
Love lift us up where we belong
Far from the world below
Where the clear winds blow

Some hang on to used to be
Live there life looking behind
All we have is here and now
All our lives out there to find
The road is long and there are mountains in my way
But we climb the stairs everyday

Chorus

Time goes by no time to cry
Just you and I alone

Chorus
