"Everything I Own"

Oh, don't pretend that its right
Don't live with your dreams alone
Girl, at the end of the night
Don't forget the feeling I show
Cause its never enough
Its always so tough
To see what's in your eyes
I can't hide the truth
Can't hold it all back
You make me feel so alive

Chorus:
I'll give you everything I own
Anything you need
Just so we're alone girl, show you how I feel
All you ever want
All you ever need
Just what to give you girl, all my loves for free
All my loves for free

Oh, don't keep it inside
Don't hide the way to your heart
Girl, don't drive me away
Now is the time to start
Cause its never enough
Its always so tough
To see what's in your eyes
I can't hide the truth
Can't hold it all back
You make me feel so alive

Chorus (4x)
