Shackles and chains get in the way  
And I'm locked in the gardener's gate  
Where everything grows  
And no one should go where I've gone  
I won't come back

How can you dream in the doorway?  
Without ever going in  
How can you dream in the doorway?  
Without making excuses and drawing conclusions  
You're at it again

I am not your concern  
The world will still turn  
When I'm not around  
Rely on me and you'll fall  
Backs up to the wall  
Someone let me out

It's all sinkin' in  
I'd probably just swim if I could, but I can't  
Sso I'm just hangin' on and on  
Just let me go  
You know it won't be long  
Before the lights are out

How can you dream in the doorway?  
Without ever going in  
How can you dream in the doorway?  
Without making excuses and drawing conclusions  
You're at it again

I am not your concern  
The world will still turn  
When I'm not around  
Rely on me and you'll fall  
Backs up to the wall  
Someone let me out

With no intention of consoling you  
I was controlling you

I'm letting go of you

With no intention of consoling you  
I was controlling you  
I'm letting go of you

I am not your concern  
The world will still turn  
When I'm not around  
Rely on me and you'll fall  
Backs up to the wall  
Someone let me out

I am not your concern  
The world will still turn  
When I'm not around  
Rely on me and you'll fall  
Backs up to the wall  
Someone let me out

I am not your concern  
The world will still turn  
When I'm not around
