"Unsafe Safe"

Facitiously fiction when Albrite was bitten
While kissing the girl of his dreams on the lips
When I was watching
When I was clocking

Seconds to minutes their lips locked like digits
On safes unsafe mainly due to ticking contents
When I was watching
Timer tick tocking

Don't open the safe is unsafe

No you won't disarm my heart
No you won't disarm my heart
The last gift you'll ever get from me
Is the combination or the key
No you won't disarm my heart

The dial was rusted vintagely constructed
To carry out thoughts of a small scale destruction
I saw this one coming
There's no use in running

Safe in the distance ignorantly witnessing
Everyone scatter as I had a vision
A regret you might say
A worry you might say

Don't open the safe is unsafe

No you won't disarm my heart
No you won't disarm my heart
The last gift you'll ever get from me
Is the combination or the key
No you won't disarm my heart

No you won't disarm my heart
No you won't disarm my heart
No you won't disarm my heart
No you won't disarm my heart
