When it's all redone and twisted
You won't wanna take it back
Blacklisted dated hero
I'm ground zero here

Barricade boy
Used and loaded
He'll set your city alight
The rest of the world's in colour
And he's in black an white

God turned his face away form you

Chorus:
I'm gonna ride off the edge of the earth
For me there's no return
For me there's no return
For you there's no return

She fakes it and you just don't know
When you lose, you lose alone
Suicide hotline for fair play
Too late, too far away

Chorus:
I'm gonna ride off the edge of the earth
For me there's no return
For me there's no return
For you there's no return

Take away this strangling darkness
I'll give you all I have
Take away this strangling darkness
I'll give you all I have

Chorus:
I'm gonna ride off the edge of the earth
For me there's no return
For me there's no return
For you there's no return

Take away this strangling darkness
I'll give you all I have
Take away this strangling darkness
I'll give you all I have
