It's the car in the crash  
And it all kicks your ass  
You can't breathe

It's the start and the stall  
And the shame of it all  
It's something deceiving

Is there joy in your disease

It's the push of the past  
And the die that we cast out  
Over and over

With you in my arms I will be new  
Stolen charm  
Does that make sense to you  
Does that make any  
Does that make sense to you

It's the song that you bring  
As the pawn takes the king  
I'm willing to wager

The line for the drinks  
And everyone stinks  
Cell phone and pagers

Don't feed that line to me  
It's smoke and it's sex  
And it's what they expect  
It's taking me over

With you in my arms I will be new  
Stolen charm  
Does that make sense to you

With the hold around your wrist  
The hope I have for this  
These arms won't move til you  
Refuse to let this die

And if the motion makes you sick  
The point I never miss  
These arms wont leave til you  
Believe my side is forever

With you in my arms I will be new  
Stolen charm  
Does that make sense to you
