"Edge Of The World"

Fly away, like an aeroplane
Sky above, and sky below
Say goodbye to the ones you love
Goodbye, to what you know.

Meet me at the edge of the world
That's where you'll find me
At the edge of the world

Don't pretend I'll get over you,
Cos' true love can never die.
What can be worse than to walk alone?
Calling out into the sky

Meet me at the edge of the world
That's where you'll find me
At the edge of the world

All my pain and my misery,
It's what keeps me moving on
Through the endless night
To the pale twilight
Say you'll be there for me
Say you'll be there
Almost there
