Well I've lived through a lot of lovers
But I never was satisfied
Up and down and goodbye at the end of the line

But somethin' happened to me
Since you walked through my door
Can't get enough, you keep me comin' back for more

You get inside me and I lose control
You make me give it to you, baby, body and soul

But you're my kinda lover
Hope you don't stop
Cover to the cover
Bottom to the top
You're my kinda lover
For ever and ever, yeah, yeah

Get out on the road with some midnight riders
And I rock with some downtown belles
Since I met you, baby, I've been under your spell

Stay here until the sun up
And be here when the moon goes down
If you were water you know I'd fall in and drown

You got a body like a hurricane
The way you move it, Lord, you drive a man insane

But you're my kinda lover
Hope you don't stop
Cover to the cover
Bottom to the top
You're my kinda lover
For ever and ever, yeah, yeah

You get inside me and I lose control
You know you got me, baby, body and soul

'Cause you're my kinda lover
Hope you don't stop

Cover to the cover
Bottom to the top
You're my kinda lover
For ever and ever, yeah, yeah

You're my kinda lover
Hope you don't stop
Cover to the cover
Bottom to the top
You're my kinda lover
For ever and ever, yeah, yeah
