### "Cocoon"

I spent the night in the forest  
you were shining when I cried  
when I cried:  
"Oh where is the light?"

I spent all my days in my mindscape  
you were with me  
when I wept  
when I wept  
you watched me when I slept

Skies have grown darker  
but stars have grown brighter  
and my room  
and my room is a safe cocoon!

Streets have gone misty  
but peace is upon me when I sing  
when I sing:  
"Holy is the King!"

and You won't wash away if I fade  
and it's OK to break in two  
break in two  
If I'm breaking into you!

You won't wash away if I fade  
and it's OK to break in two  
break in two  
If I'm breaking into you!
