Sleep, come to me, take me where I want to be  
And let me stay, everything is far away

And for a moment, it's serene  
And for a moment I control it and I rule myself  
'Cause I am the king of nothing  
I am the king

And dream away everything that makes me pay  
Safe from the world of broken love and boy and girl

And for a moment, it's serene  
And for a moment I control it and I rule myself  
'Cause I am the king of nothing, I am the king of  
nothing  
I am the king of nothing, I am the king

Sleep, come to me, take me where I want to be

And for a moment, it's serene  
And for a moment I control it and I lose myself  
'Cause no one else is coming after

I am the king of nothing, I am the king of nothing  
I am the king of nothing, I am the king
