Hey shitmouth  
I love you  
hey shitmouth  
I love you  
a number of years  
have passed between our  
legs  
taste your buttery muffin  
hey shitmouth!

I've never known anyone who bent so much to me  
I never  
I've never known anyone who bent so much to me  
I never

When you smile  
I can smell your breath  
I see the shit  
on your teeth

man, I'd love to catch ya  
if you had lips I'd kiss ya  
I pray the Lord to curse ya

hey shitmouth  
I love you  
will you bury me?

Ancient man - he needed  
Ancient man - he had it  
Man, I'd love to catch ya  
If you had lips I'd kiss ya  
Pray the Lord to curse ya  
Now we two lay together  
Will ya bury me?  
Will ya bury me?  
Will ya bury me?
