I leave my home, I leave for a couple weeks
I leave my home, I leave it in the care of a friend
Don't get me wrong, he's a nice guy, I like him just fine
But he's a mouth breather
Don't get me wrong, he's a nice guy, I like him just fine
But he's a mouth breather
I expect when I return, I return to some sort of order
Such is not the case, no, such is not the case
I leave my home, I leave for a couple weeks
I leave my home, I leave it in the care of a friend
Don't get me wrong, he's a nice guy, I like him just fine
But he is a mouth breather
I leave my home, I leave for a couple weeks
I leave my home, I leave it in the care of a friend
And in my basement, I found rainin' piss
And in my kitchen, I found my friend deceased
