My baby take me, my baby take me, my baby take me
where I've never been
Peculiar to this girl, peculiar to the world, she wants to
watch a fella get along
?? (It kept) my pack, I take a bad rap, I can't hear my
other way (throw my other weight) around
I take a good nap, I call her up now, I taught that girl
see, everythnig I know, hey
My baby tell me, my baby tell me, my baby girl, an
Indiana girl
I got her knocked now, a seein' ?? (fuck) now, I tell her
?? (doc date) her here
My folks don't realize, about the little girl, or so we
know (don't), just to make her smile
I say we got now, to ?? (up a clog) now, I taught that girl
everythngi I know, hey
My baby spank me, my baby thank a me, my baby hit
me, like I've never been
My baby tell me, my baby tell me, my baby girl, an
Indiana girl
I say ??(ya frighten) me, don't ever fight me, I taught
that girl everythnig I know
Yeah, everything I know, yeah, everything I know, yeah,
everythnig I know how, huh
huh, huh, huh, huh, huh, huh, duh, duh
