Vision yourself as a bird in the sky
The wind in your face and it feels so nice
Whooooo... imagination

Everywhere you go there is love in the air
people all around, they don't have a care
It's a beautiful sight to see
Come take a flight with me

Yeah Imagination common common Oeh Yeah
Imagination common common give it to me

Imagine a place where there's no need to cry
A place where only beauty lies
Whooo.. Imagination
Everywhere you go there is paradise
A rainbow so pretty, the sun so bright
It's a beautiful sight to see
Come take a flight with me

Imagination Oeh Oeh Oeh Yeah
Imagination common common common common
Imagination Oeh Yeah Oeh Yeah
Imagination common common common common
comon common common
