do you remember that night  
when we had our first night  
the stars were bright  
and they were in the sky  
do you remember that night  
do you remember that night  
do you remember that night  
'cause i don't

do you remember that night  
when i told you i was in love  
the stars were bright  
there was a moon  
do you remember that night  
do you remember that night  
do you remember that night  
'cause i don't

what is wrong with me  
why won't anyone love me  
what is wrong with me  
why won't anyone love me  
what is wrong with me  
why won't anyone love me  
what is wrong with me  
why won't anyone love me  
what is wrong with me  
why won't anyone love me  
what is wrong with me  
why won't anyone love me

(what is wrong with me  
why wont anyone love me  
do you remember that night  
repeated many times)

do you remember that night  
do you remember that night  
do you remember that night  
'cause i don't
