Hey, hippie, just want to get a few things straight  
Hey, hippie, just want to get a few things straight

Just because you drink that tea  
Doesn't mean you're better than me  
Putting nuts on your eye  
Doesn't mean you're not gonna die

Hey, hippie, just want to get a few things straight  
Hey, hippie, just want to get a few things straight

You don't have psychic ability  
Not anymore than me  
Fuck Feng Shui, fuck Tai Chi  
And fuck Reiki

Hey, hippie, just want to get a few things straight  
Hey, hippie, just want to get a few things straight  
Hey, hippie, just want to get a few things straight  
Hey, hippie, just want to get a few things straight

I know you think you're gonna have a thousand other  
lives when you die but the truth is you're just like every  
piece of matter on this planet and you're just gonna  
rot, you god damned egomaniac... and that's science

Hey, hippie, just want to get a few things straight  
Hey, hippie, just want to get a few things straight  
Hey, hippie, just want to get a few things straight  
Hey, hippie, just want to get a few things straight
