"Rumour Town"

Well i'm trying and i'm trying and i can't get through to
you
I know i haven't been around but who the fuck are you?
First you're telling stories and then you're telling lies
and i'll be lonely
Its not the first time ever
Going round and round in my head i listen to the words
and things that you said
And i believe this to be the fall of Rome
Set yourself up just to be knocked down
And i'm walking the same old streets of this fucking
town...
Its a lack of passion that's burning me up deep inside
my spine and i'll be lonely
Its not the first time ever
Its burning me up deep inside my spine
