Not today, you shit,
Smile and I hope that the rot,
Wraps tight within,
Not to her favor's pain,

Go on, go on you're only obeying orders,
Go on, go on you're only obeying orders,

Milgram exposes all,
But I'm not acting and you,
Hold out even though,
The road tonight is 29,
And 29 equals gone,

Go on, go on you're only obeying orders,
Go on, go on you're only obeying orders,

To be failed by a false heart,
To be failed by a false heart,

Greyhounds in the slips,
The grass starts to lift,
You want your reward now you got it,
Nothing deters a fool so go on,
Go on, go on.
