It sure feels great to be on top
To be the one no one can stop
I'm blessed to be one in a million
I suited up to get undressed
A pretty boy in a pretty mess
To see the hint you'll have to look quite close

'Cause you don't get to know it if you don't dare to ask
And I'm not gonna show it if you don't show me class
Not as hard as you think if you can handle the cash
This night is all about the bling-bling ka-ching

I'll pick her up, she is Miss California
Not gonna stop 'til the night turns to mornin'
She'll get the rush she's been dreaming of forever [Go,
Go, Go, Go]
I took a shot now she's calling my name, yeah
Trained to be tamed but she couldn't be blamed,
I know these things always end up the same
The good guy gets the girl

We'll take the bus, she lives downtown
I get the vibes from all around
Sincere and thoughtful we are right on time
I get the taste of something sweet
The heat goes up between the sheets
My heartbeat's pumping, it's a boom-boom-pow

'Cause her makeup is messed up and all over her face
And I bet that she's gonna be all over the place
When I smile say goodbye and she won't see me in
days
Last night was all about the bling-bling ka-ching

I'll pick her up, she is Miss California
Not gonna stop 'til the night turns to mornin'
She'll get the rush she's been dreaming of forever [Go,
Go ,Go, Go]
I took a shot now she's calling my name, yeah
Trained to be tamed but she couldn't be blamed,
I know these things always end up the same

The good guy gets the girl

I'll pick her up€! x2
