"Out Of Hand"

You've made the choice to go your own way

Now there's nothing left to say

The look in your eyes

Of what used to be

Nothing left to see

Thought I knew who you were

Thought you'd always be there

But when I turned around

Don't see you anywhere

Thought I knew who you were

Thought you'd always be there

But when I turned around

Don't see you anywhere

Don't think I'm strong enough to make it through

My body trembles when I think of you

Memories getting a little out of hand

Need to feel your touch the way I know you can

Thought I knew who you were

Thought you'd always be there

But when I turned around

Don't see you anywhere

Thought I knew who you were

Thought you'd always be there

But when I turned around

Don't see you anywhere

Can't take it any more

Need to walk back through that door

Miss me tonight

Touch me tonight

Thought I knew who you were

Thought you'd always be there

But when I turned around

Don't see you anywhere

Thought I knew who you were

Thought you'd always be there

But when I turned around

Don't see you anywhere

Thought I knew who you were

Thought you'd always be there

But when I turned around

Don't see you anywhere

Thought I knew who you were

Thought you'd always be there

But when I turned around

Don't see you anywhere
