Day into night

Nothing changes

Nothing changes

No need to fight

Oh love

Be with me tonight

Open up the door for me

Please just let me be

Touch of your hair

Fingers linger

Fingers linger

Your heart's right there

Oh love but it isn't fair

Open up the door for me

Please just let me be

Love and not for granted

Silently screaming

Love and not for granted

Silently screaming

Caress your face

Touch so soft

Touch so soft
Heart starts to race
Oh love
Memories of this place
Open up the door for me
Please just let me be
Love and not for granted
Silently screaming
Love and not for granted
Silently screaming
Not just for granted
Silently screaming
Love and not for granted
Silently screaming
