Verse One

When was the last time you thanked Him
When did you last speak His name
When did you last let Him into your heart
If you can't remember, it's been too long a time

Verse Two

When did you last speak to Him
What was on your mind
Were you asking Him to help you
Make it through just one more time

Verse Three

And did you thank Him for listening and
Giving you His time
If you take the time to thank Him
He may listen better the next time

Verse Four

He is there waiting for you
He's been there all the time
Just ask Him into your heart
And His glory in you will shine

(repeat Verse One)

ending: last line of Verse One:

If you can't remember, now is the time
