The way she treats you is a doggone crime  
I just get blue about it all the time  
Drives me crazy how she walks that line  
I wish she wouldn't treat you that way, baby  
I wish she wouldn't treat you that way

I ain't sayin' that she's bad to you  
She does every little thing a lover should do  
Any fool could see that her love is true  
I wish she wouldn't treat you that way, baby  
I wish she wouldn't treat you that way

She ain't the only one who loves you dear  
She ain't the only one who needs you near  
How am I ever gonna have my day  
I wish she wouldn't treat you that way  
I wish she wouldn't treat you that way

See you walkin' with her hand in hand  
By the look on your face you're a happy man  
She's ruinin' all of my best layed plans  
I wish she wouldn't treat you that way, baby  
I wish she wouldn't treat you that way

She ain't the only one who loves you dear  
She ain't the only one who needs you near  
How am I ever gonna have my day  
I wish she wouldn't treat you that way  
I wish she wouldn't treat you that way

I wish she wouldn't treat you that way, baby  
I wish she wouldn't treat you that way  
I wish she wouldn't treat you that way, baby  
I wish she wouldn't treat you that way

I wish she wouldn't treat you that way, baby  
I wish she wouldn't treat you that way  
(I wish she wouldn't treat you that way)  
I wish she wouldn't treat you that way, baby  
I wish she wouldn't treat you that way
