When I awoke, there you stood beside me
I wonder now were you there all the time
Like a rose beneath the snow I've been waiting
And it took your kiss to make me come alive

Sleeping heart, love is all around you
Empty arms, what are you waiting for?
Rub your eyes, your handsome prince has found you
Sleeping heart, sleep no more

You don't have to tell me where you come from
Loved you in my dreams, a long, long time
In my slumber I kept seeing someone
And I recognized you when your lips touched mine

Sleeping heart, love is all around you
Empty arms, what are you waiting for?
Rub your eyes, your handsome prince has found you
Sleeping heart, sleep no more

Rub your eyes, your handsome prince has found you
Sleeping heart, sleep no more
