"PAY THE PRICE"

You, why should they keep you alive
There's something that you can't deny
You know you should pay the price
So you, your life will end and you will see
You want them all to leave you be
All because of bullshit and greed

Chorus:

Wrapped in metal chain
You'll lie dead and slain
Anguish and pain
They'll drive you insane

You, the house you torched had someone inside
Because of you the person had died
The burns you caused were too much to hide
So you, you ran and weren't seen for days
The mystery of you was a haze
They thought you got caught in the blaze

Chorus
