### "ROCK HARD"

I live my life, I know what I'm feelin'  
Sometimes I think that I am dreamin'  
But things have changed, and now all I can see  
It's in my blood, music is meant for me

I write songs, this is what I know  
I paint some pictures and see where they can go  
Fulfill my dreams, carved for what is right  
This thing I do - I play every night

chorus:

ROCK HARD . . . Live for tomorrow  
ROCK HARD . . . I burn with a fire  
ROCK HARD . . . Forget all your sorrows  
ROCK HARD . . . I have this desire
