[C-Loc]

Get gone kid, before I get in that zone kid  
Stop all that damn begging, and go on get your own  
kid  
You know you wrong dog, just cause I'm on dog  
Think everytime you stick your hand out, like I'm  
suppose to give you what  
Ya want dog  
That shit done ran out, when I was doing time you  
clowns ran out  
Now you wan' keep eating off mine, that shit don't pan  
out  
They bout to cut your lights off, you tell me that shit  
ery' month  
That's just what Loc talking bout, this time dog ain't the  
one  
Ery'time a nigga fell, you'd be right there to catch him  
But the one time you deny him, now that clown mad at  
ya  
Look fuck that, take it how you wanna  
Better get you a sign, and stand ya ass on the corner  
Get off ya ass people, and go on get your hustle on  
We all created equal, stop singing all them sad songs  
So all you dead beats, won't you please stop calling me  
Begging for cheese, but man that ain't what ya need  
look thug

[Hook: Shyna]

We don't owe you fuck you, go get it on your own  
Everyday I've been grinding getting it all alone, without  
you  
We don't owe you fuck you, go get it on your own  
Everyday I've been grinding gettting it all alone, I don't  
need you

[Trae]

It seems I can't understand, why the fuck my people  
trip with me like I owe  
Em some'ing  
Get off your ass don't look to me for handouts, cause I  
can't give you

Nothing

Plus I heard niggaz got a lot to say, about how I live my life

Get this right the reason that I ride alone, is cause half of you niggaz

Ain't right

Shife maybe just a tad bit, see I can only call what I see

To each it's own do what you do, but the fact remains I'm still a G

Who I be it really don't matter dog, but just know I'm still the same

I grind full time, while you niggaz don't squab a heavyweight in this game

I was told you gotta get up and get it, depending on what you want not what

You need

We all need a lot of thangs, but say dog can you succeed

Only time'll tell inside this life, while some of us left alone

And I ain't mad at all I'm a better man, when I get shit on my own

[Hook]

[Trae]

I was taught, that you gotta be your own man

But everybody that I know, holding out they hand

Looking at me, like I owe they ass something

Stressing me everyday, wasn't part of the plan - 2x

[C-Loc]

Why they whining, I just do what I do

Please don't waste my time, get off your ass and get you

Look why you trying to count mine, you need to focus on you

I'm out here trying to survive nigga, just like you

They searching for a free ride, that's what a lot of em do

But they ain't nowhere to be found, when you be needing them fools

Look they don't play by the rules, like they ain't even got a clue

So it's best that you keep moving, cause Loc ain't got nothing for you

[Hook]

[Shyna]

Don't need you, I don't need you

I've been doing it, this long  
I've been doing it, on my own  
I don't need you, I don't need you  
I don't need you, I don't need you
