"Stay The Same"

Don't you ever wish you were someone else
You were meant to be the way you are exactly
Don't you ever say you don't like the way you
are When you learn to love yourself, you're better off
by far

And I hope you always stay the same
Cuz there's nothing 'bout you I would change

VERSE

I think that you could be whatever you want to be
If you could realize, all the dreams you have inside
Don't be afraid if you've got something to say
Just open your heart and let it show you the way

CHORUS

BRIDGE

Belive in yourself
Reach down inside
The love you will find will set you free
Believe in yourself , you will alive
Have faith in what you do
You'll make it through

CHORUS
