We'll bring them in, into our lot  
It ain't much now, but know that it's only a start (whoa)  
Now pen in hand they rape the land  
And one more man finds his way out of their grasp  
(whoa)

Another every hour  
We'll have a legion in by day  
Sit back my friend, soon we'll have things our way  
We're all witness to their power, but tomorrow that'll be  
ours  
So raise your fist in harmony with us

Are we even? No!  
Are we leaving? No!  
Have we ever backed down? Not even if we're  
bleeding!  
Is it arrogated? No!  
Or complicated? No!  
Now fist in air we'll have our voices reinstated tonight

The fires burn, the hours turn, the ink runs dry  
Seems the hands are at a loss for words (whoa)  
A hand extends to make amends  
It's too late now  
We're far too far from even (whoa)

The bells sound every hour and strike chills all down  
their spines  
Sit back my friend, we're gonna have it all in time  
We're all witness to their power, but tomorrow that'll be  
ours  
So raise your fist in harmony with us

Are we even? No!  
Are we leaving? No!  
Have we ever backed down? Not even if we're  
bleeding!  
Is it arrogated? No!  
Or complicated? No!  
Now fist in air we'll have our voices reinstated tonight
