wander back to memphis
wander back to lille
wander back to what's his name
the memory of him still
wander back to brooklyn
wander back to spain
wonder what he's doing now
i can't recall his name
wander back to norman
back to walbut hills
wander back to what's his name
the memory of him still
wander back to paris
back to cannon falls
wonder what he's doing now
his name i can't recall
i got a list of demands, i got a list
i got a heart in a box, i got a heart
