Now dig this, you tickle me
Some things I should never see
My funk teacher, he told me
I can't get off of the E

Getting off the Brillo hunt, what you got is what I want
Take the thing I didn't pawn, it's cracked, you can't
depend on
Been beaten black and blue, now it beats for you
Boom, boom, boom, boom, boom, boom

Now I'm in love one oh one
My education has begun
Button, button who's got the button?
Got a whole lot more of nothing

Getting off the Brillo hunt, what you got is what I want
Take the thing I didn't pawn, it's cracked, you can't
depend on
Been beaten black and blue, now it beats for you
Boom, boom, boom, boom, boom, boom

Getting off the Brillo hunt, what you got is what I want
Take the thing I didn't pawn, it's cracked, you can't
depend on
Been beaten black and blue, now it beats for you
Boom, boom, boom, boom, boom, boom

Getting off the Brillo hunt, what you got is what I want
Take the thing I didn't pawn, it's cracked, you can't
depend on
Been beaten black and blue, now it beats for you
Boom, boom, boom, boom, boom, boom
