Sweet like sugar
Stupid like a wombat
Tell me you love me
And I will say it back

Sweet like candy
Over like a has-been
Tell me you love me
And I will say again, again, again
I want to be your girlfriend

Sweet like sugar
Stupid like a wombat
Tell me you love me

Sweet like sugar
Stupid like a wombat
Tell me you love me
And I will say it back

Sweet like candy
Over like a has-been
Tell me you love me
And I will say again, again
I want to be your girlfriend

Again, again, again

Sweet like sugar
Stupid like a wombat
Tell me you love me
And I will say it back

Sweet like candy
Over like a has-been
Tell me you love me
And I will say again, again, again
Again, again, again, again, again
Again, again, again, again
