Give me a minute to catch my breath, to take this in.  
This moment has swept me off my feet and I can't  
believe my eyes.

So won't you take my hand and come and waste some  
time with me?  
So won't you take my hand and sit and watch it all with  
me?

We're on top of the world.  
High above of it all.  
From up here I can see  
Everything we don't need.

A thousand street lights don't compare to your smile.  
I wouldn't want to share this with anyone else in the  
world.

So won't you take my hand and come and waste some  
time with me?  
So won't you take my hand and sit and watch it all with  
me?

We're on top of the world.  
High above of it all.  
From up here I can see  
Everything we don't need,  
We don't need, we don't need  
We don't need, we don't need

Tonight this city sleeps underneath this perfect sky  
Throwing punches, catching kisses that you threw to  
me

We're on top of the world.  
High above of it all.  
From up here I can see  
Everything we don't need,  
We don't need
