Oh oh oh
Oh oh oh

Some other lover's sitting in my chair
Some other girl's sleeping in my bed
And some other lovers leave long brown hair, not
goldilocks
Some other girl has got your key
Some other girl gets the devil in me
If you got another girl well you can't have me
Not goldilocks, not goldilocks

Now I've got your attention
Here's a short intervention
I got word of your playing
So don't think I'll be staying
You've been out with another little hoo-spooky other
Take a note, take a memo
I am gone here I go

I came home tonight and something wasn't right
You let the tv on but your keys were gone
You gotta tell me now
What's it gonna be
You want your other girl
Oh well you can't have me

Some other lover's sitting in my chair
Some other girl's sleeping in my bed
And some other lovers leave long brown hair, not
goldilocks
Some other girl has got your key
Some other girl gets the devil in me
If you got another girl well you can't have me
Not goldilocks, not goldilocks

Fairy tales I believed in
Sweet but always deceiving
Mister tall, dark and handsome
Been with more girls than (â€¦)

So we're playing now
You like to show 'em how
Life is a mystery
I know your history
I'll let you carry on
Like there was nothing wrong
Now everybody knows
Ain't that the way love goes

Goldilocks
Yeah
No

Some other lover's sitting in my chair
Some other girl's sleeping in my bed
And some other lovers leave long brown hair, not
goldilocks
Some other girl has got your key
Some other girl gets the devil in me
If you got another girl well you can't have me
Not goldilocks, not goldilocks

Some other lover's sitting in my chair
Some other girl's sleeping in my bed
And some other lovers leave long brown hair, not
goldilocks
Some other girl has got your key
Some other girl gets the devil in me
If you got another girl well you can't have me
Not goldilocks, not goldilocks, not goldilocks, not
goldilocks
