in the middle of the night by I've Got The Bullets  
You pick me up, you lead me nowhere  
I wonder why I always go back  
You don't look over your shoulder  
Making me feel ten years older  
I'm the girl you wanted so much  
You say you need my tender touch  
But by the time it gets close to midnight  
You're leaving me empty inside

Always in the middle of the night  
In the middle of the night  
You go back home

And every time you try to leave her  
You no longer can deceive her  
But by the time it gets close to midnight  
You're leaving me empty inside

Always in the middle of the night  
In the middle of the night  
You go back home

So many stories, so many lies  
But still I'm waiting for my lover to arrive  
Always in the middle of the night  
In the middle of the night
