This song's about a guy I know
His name is Carter and he's gay for sure
He goes to school dances and he wears a pink shirt
He dances with the girls just like a little fag
He thinks he's cool - but he's not
We all think he's gay

[Chorus]

So Carter, how many cocks have you sucked
So Carter, how many cocks have you sucked
And Carter-er-er, you're gay
And Carter, how many cocks have you had in your ass
Tell me!

He dresses right classy and nobody cares
He wears a jacket, sorry a pea coat
We don't know what he's talkin' about half the time
Prob'ly his gay fantasies with other guys

[Chorus]

So Carter, how many cocks have you sucked
And Carter, how many cocks did you lick
And Carter, how many cocks have you had in your ass
Tell me!

And if you don't have the answer right now
You can e-mail me later
yes you can

I'll be waiting for the answer

Then you will get mocked even more
And you'll look even gayer than before
Yes you will, 'cause you're Carter
And we all know he's gay

He's gay.Thanks to cws-13
