I don't know why
I just know I do
I just can't explain
In this language that I use
Something leaves me speechless
Each time that you approach
Each time you glide right through me
As if I was a ghost

If I only could tell you
If you only would listen
I've got a line or two to use on you
I've got a romance we could christen

And there's a word in Spanish
I don't understand
But I heard it in a film one time
Spoken by the leading man
He said it with devotion
He sounded so sincere
And the words he spoke in Spanish
Brought the female lead to tears
A word in Spanish, a word in Spanish

If you can't comprehend
Read it in my eyes
If you don't understand it's love
In a thin disguise
And what it takes to move you
Each time that you resist
Is more than just a pretty face
To prove that I exist

When manners make no difference
And my gifts all lay undone
I trade my accent in on chance
And fall back on a foreign tongue
