Wh't's your name ?  
My name is pain  
Where do you live ?  
I live anyplace  
Where were you born?  
In the state of fear  
How old are you?  
Nineteen hundred  
and ninety-four years

Waht's your plan?  
My plain is pain  
When will you leave?  
I'll never go away  
How will you breathe?  
You'll give me live  
How will you see?  
Sitting in the temple  
Right between your eyes

My name is pain  
You belong to me  
You're all I ever wanted  
I'm all you'll ever be  
>From the beginnig  
In a world without end  
I am the air  
I am pain

Pain is love  
pain is pure  
pain is sickness  
pain is the cure  
pain is the death  
pain is religion  
pain is life  
pain is television

Pain walks  
pain crawls  
pain is peace

pain is war

Where were you born?  
In the state of fear  
How old are you?  
Nineteen hundred  
and ninety-four years

My name is pain  
You belong to me  
You're all I ever wanted  
I'm all you'll ever be

>From the beginnig  
In a world without end  
I am the air  
I am pain

My name is pain  
You belong to me  
You're all I ever wanted  
I'm all you'll ever wanted  
I'm all you'll ever be

>From the beginnig  
In a world without end  
I am the air  
I am pain

>From the beginnig  
In a world without end I am the air I am pain I am pain I  
am pain I am pain I am pain
