[gun shots]

"Black folks can't never have no fun!"

[Chorus: Nate Dogg]

These streets beeeee walking down the avenue

(Crazy!) From Hollywood to South Central!

These streets beeeee.. crazy!

Long Beach to Comptooooon!

Always up to no good! Craaaaaaaa

(Crazy!) Crazy..

Always up to no good!

Van Nuys to Santa Ana, crazy

(Crazy!)

[Snoop Dogg]

Have a look outside and take a stroll with me

California lifestyle, you wanna roll with me?

I can take you in and out and where it's gonna be

Now as crazy as it is, you know this home for me

I wouldn't never leave it, you know that's wrong of me

I'ma stay down, you see me on them corners G

At your local liquor store, getting some optimums

And if I'm out of bounds then I gotta cock the fo'

Keep it on the low on the W-W-W-West coast

Sign some autographs and then I do get ghost

A-humph.. yeah, I love my folks

But half of y'all fools is cutthroats

On the real no.. the streets'll have you

Guide you, lead you, mislead you, it's fragile

Yeah, see you gradually grow

and when you walking on my side I think you all need to know...

[Chorus]

[Snoop Dogg]

On the 110 Freeway flo', back to the block

In the seven deuce Coupe, hopping hippping the hop

Sipping on some Henn with my nephew Infrared

Young pimp on the grind tryna line up some head

Had fun, did, done, on the West we run

Don't matter where you from, if you old or young
Seesaw we raw like ooohhh-la-la
Fuck the law we don't get caught we just do-da-da
Yeah nigga we shaking the cops
You niggas out there just be making it hot
But don't trip if you faking a lot
I'll break you, shake you, and take yo' spot
[singing] Because if you think that you gonna slip
through California
without getting banged on.. brother you're wrong

[Break: Nate Dogg]

(Always up to no good!) I really love my dog, grew up
together and all but he
(Always up to no good!) Hell yeah I love New York
that's why I married the broad but she
(Always up to no good!) We can't hang 'em up 'cause
I'm a balla y'all and he
(Always up to no good!) Let me tell you about these
streeeets
(Always up to no good!)

[Chorus w/ the phrase "Always up to no good!" at the
beginning of each line]
