[Chorus: Pharrell]

(Sets Up!) Chest out

In and out, in and out

Lift your arm, lift your arm

In a circle, in a circle

Swang out, hang out, bang out

Show these motherfuckers right where you from

[Snoop Dogg]

Cooldest of the cool, I'm the god damn man

Heater so hot need a god damn fan

Everybody want gangsta, suckas don't live it

til' they talkin' through that glass like 'see you in a minute'

That's not the Bigg Bo\$\$ Dogg

I've been in it since a youngin', I'm a Eastside hogg

21st Street ridin', Rollin' with my partners

Hat to the back in a rag spillin' vodka

Stompin' through the city in my big blue Chuck's

Lil' homies on the corner not givin' a fuck

So I chunked up the set like what's happenin' with you

Shit I just do what I do, I'm just stackin' it too

Is what he said to a loc as I dipped on out

Or as we say on the Eastside, you Crippd on out

See the sunshine and palm trees, livin' it up

Don't forget the block boys givin' it up

Where you from loc?

[Chorus: Pharrell]

(Sets Up!) Chest out

In and out, in and out

Lift your arm, lift your arm

In a circle, in a circle

Swang out, hang out, bang out

Show these motherfuckers right where you from

Show me where you're from

Show me where you're from

Show me where you're from

Show me where you're from

[Snoop Dogg]

For the rules of the game, represent your shit
Flag around the steering collar makin 'em sick
Shoot, the L.B. made me, gangbang for real
If ya made it through the '80s I'm a product of the
shady
Snoop D-O-doub', it's what I does
I'm worldwide love, the homies is like cuz
Stuck to the script and kept claimin' the team
They love it when I chunk it on the TV screen
Like a, Bo\$\$ would do, how the fuck could you
deny my gangsta, haters in my rearview
All around the world they respectin' a G
Overseas they respectin' the C, that's on me
I did it like I did it mayne
Uh, if you ain't did it you ain't did a thang
Uh, you come through you better holler at me
You need beats you better holler at P
Now put your sets up

[Chorus: Pharrell]

(Sets Up!) Chest out
In and out, in and out
Lift your arm, lift your arm
In a circle, in a circle
Swang out, hang out, bang out
Show these motherfuckers right where you from

Show me where you're from
Show me where you're from
Show me where you're from
Show me where you're from
