I'm gonna dance like nobody's watching,  
I'm gonna sing like no-one's listening,  
I'm gonna kiss you like we are all alone cos this world is  
ours,  
We're the have not's but the have all's,  
At twice the speed of lightning I travel,  
Through the universe I will run to write your name in the  
stars,  
Cos some truths will last forever,  
Music can bring the world together,  
I got life man I will use it til they lay me down to rest,  
So let's party in the supermarkets,  
Move to the rhythm of my heartbeat,  
I'll take my tie right off my neck and wear it tied up  
round my head,

I got love, I got so much love,  
Love in my heart and this feeling I can't let it go,

Mountains crumble as I pass,  
This life's too beautiful to last,  
I feel a spirit rise inside me, something's happening in  
the air,  
With my feet right on the ground,  
And my head up in the clouds,  
We are one people, we are equal, you are wonderful  
and rare,

I got love, I got so much love,  
Love in my heart and this feeling I can't let it go,

Though we try so hard, they disdain us,  
But these walls they can't contain us

I laugh right in the face of death,  
I'll fight this fight til my last breath,  
For the frightened fall as often yet far closer than the  
brave,  
We only got one life, let's use it,  
You can't stop the movement,  
So choke on that, you can quote that, you can write it

on my grave,

I got love, I got so much love,
