Looking like she needs a miracle  
Out here so late, just looking for a drug  
Give her something so she can fall in love  
True love hits like death from above  
Let's dance to the beat of a different drug

She wants to feel real  
Let's get protection out of thin air  
We sell injection  
Give me perfection

I'll sleep on the floor  
Tell them you were alone, they'll call you a whore  
Domesticated, devastated  
There's no bright side, you'll make more  
Bitch, pay for my ride
